The answers of “alfa”:

Our favourite season is summer because it is sunny and hot. In summer we can swim and fish, ride a bike, play football in the evening. We don't go to school. We have our summer holidays. The season we dislike most is autumn because it's rainy, cloudy and windy. The days become shorter and nights become longer. The birds prepare to fly to the south. We can see yellow, red, or brown leaves everywhere.

The answers of “funny pupils”:

We are not sure whether there is a season we like most. We can find interesting activities in different season. Each season is good. We like when it is not very cold and it snows in winter. The best holidays in winter are New Year and Christmas. We also like summer because there is a lot of fruit and vegetables.
